TMS320F28335 eZdsp Starter Kit (DSP14145U)

Quantity in Basket: *none*
 Code: **TMDSEZ28335**
 Price: **\$495.00**

Shipping Weight: **4.00** pounds
 Availability: **Please call the [Product Information Center](#) for an estimated ship date.**

Quantity:

Overview

The F28335 eZdsp starter kit is a complete software development platform for the TMS320F2833x series of floating-point Digital Signal Controllers. The eZdsp kit includes an F28335 target board that features integrated JTAG emulation, 128Kx16 asynchronous SRAM, CAN 2.0 and RS-232 interfaces, and expansion headers that provide access to all F28335 I/O signals. Also included in the kit is the Code Composer Studio™ Integrated Development Environment, USB interface to the host PC, and a universal power supply. This single orderable part number supports all regions of the world.
